COVID-19 IMPACT ON LENNOX

As a small charity, we rely heavily on the support of companies and individuals like you, to deliver our projects to children with cancer and their families.

Now that the COVID-19 has been declared a pandemic by the World Health Organisation (WHO) many businesses are asking their employees to work from home. This has already had a severe detrimental impact on our income from fundraising and donations. If this continues for a further six months, our charity could be in a very vulnerable position, possibly even facing closure.

CAN YOU DO ANOTHER FUNDRAISER LIKE THIS?

If you're happy to do another fundraising activity after this one, please let us know when you send us your funds! Every little bit helps!

IF YOU ARE UNABLE TO CONTINUE THIS FUNDRAISER:

Please consider making a one-off donation to help us through this tough financial period.

Cancer doesn't stop during a pandemic or a lockdown, so the practical, financial and emotional support that we provide to the children and families living with childhood cancer, is still just as important as ever before.

However you choose support to us during this time, we will be incredibly grateful to you!

THANK YOU!
