Scrubs for Queen's and King George's hospital.

Staff at Queen's and King George's hospital are in desperate need of scrubs.

The hospital charity has set up a just giving page where they need to raise £50,000 to help them buy 25,000 scrubs.

The appeal has been launched in conjunction with the nationwide appeal for more scrubs.

There are lots of volunteers ready to help them make the scrubs but sadly it is the actual material that is costly.

Please see the facebook page For the Love of Scrubs and the link below to make a donation.
