

Cost of Living

Groups of Residents we are targeting

The cost of living crisis affects people in different ways. The following people will be disproportionately impacted, and we all should be on the lookout for them:

- Households with long term illness and disabilities
- Low income Households especially those with young children and elderly people
- People with prepaid meters for gas and/or electricity

What can you do?

We want **EVERYONE** to do **TWO** simple checks:

- Are they claiming all the financial support they are entitled to?
- Can they reduce their energy usage?

Those that can

If you think the person in front of you can do these checks themselves then all you need to remember is our website!

[havering.gov.uk/costofliving](https://www.havering.gov.uk/costofliving) or search 'cost of living havering'

Those that can't

If you feel that they could *not* do these checks themselves, then we have our **Warm Spaces** roadshows (dates are on our website) or they can call **01708 432280**
